Kidz to Adultz Middle
Thursday 21st March 2019
9.30am - 4.30pm
Ericsson Exhibition Hall,
Ricoh Arena, Coventry, CV6 6AQ

Celebrating 10 Years of Kidz to Adultz Middle

EVENT SHOWGUIDE
Disabled Living (organisers of the Kidz to Adultz events) is extremely proud to be celebrating 10 years of Kidz to Adultz Middle at the very prestigious Ricoh Arena. This event was established and added to our events portfolio in 2009, following on from feedback from our visitors to make our events more accessible to those who would benefit from attending right across the Midlands area.

Over the last 10 years we have welcomed 22,476 visitors through the doors who have been able to access the most up to date information and advice on equipment, products and services for children and young adults with disabilities and additional needs. To accommodate demand for growth, the exhibition has grown from the original 2,000sqm to 4,000sqm plus additional seminar rooms. This is a remarkable achievement and one we are extremely proud of.

What about the next 10 years, what does the future hold for our Kidz to Adultz events?

We do listen, value and take onboard our visitors’ feedback on what they would like to see more of at our events. We are constantly looking at ways to develop and meet our growing visitors needs and bridge those information gaps, particularly as a large number of our children are now entering their teenage and young adult years and moving on to adult services. We are currently working on expanding our remit further to include more information on transition in terms of services, education (colleges, university process and support) training, career information, holidays, travel including driving with a disability 16+, financial matters and much more.

Do you have a child, who is going through the transition to adult services? We would love to hear about your experience whether positive or negative and if you encountered any barriers along the way?

Are you a company or organisation who supports the transitional age group and want to be a part of the Kidz to Adultz experience? Please do get in touch.

We do look forward to supporting our visitors over many years to come.

Carmel and The Kidz Team at Disabled Living

Contact:- info@disabledliving.co.uk or 0161 607 8200 www.kidzexhibitions.co.uk

Date for Next Year’s Event - 19th March 2020
Important Event Information

Evacuation
If an announcement is made to evacuate the venue, please leave the building using the nearest fire exit, or as instructed by the fire marshals, venue staff or a member of the Kidz Team. DO NOT re-enter the building unless instructed to do so.

First Aid
Trained staff are available at the event. If you require medical assistance report to the Kidz main registration area and speak to any member of Disabled Living staff (easily recognised by their Kidz shirts and tee shirts) or a member of the security team.

Seating & Catering
A range of hot and cold food, drinks, snacks and sandwiches are available for purchase. Seating and catering areas are located within the main exhibition hall to the far left. There is also The Mill Bar and Brasserie and Costa Coffee across from the Kidz registration area.

Help & Information
Disabled Living, organisers of the event on Stand E1 and the Kidz main registration area. We can help with finding companies, equipment, details on exhibitors, seminars or any aspect of the event. Look for the red stars on the floor plan - centre pages.

Accessible Toilets
Situated to the rear of the main exhibition hall and are clearly marked on the floor plan (see the centre pages). There is also an accessible toilet in The Mill Bar and Brasserie directly across from the Kidz main registration area, through the main entrance of the Restaurant to the right.

Kidz to Adultz Scotland
TBA

Mobiloo Changing Facility
Located at the back of the Exhibition Hall to the right.

The Mobiloo is equipped with top of the range specialist equipment:
- Tail Lift with a 1.6 metre platform.
- Adjustable height changing table.
- Electric hoist, allowing access to all areas of the Mobiloo.
- Toilet with retractable grab rail to each side.

Important hoist and sling information:
Hoist users must bring their own sling with them. This is for your own safety and convenience – and to prevent any cross-contamination between different users.
Free CPD & Topical Seminars

Seminars Sponsored By:

Boost your CPD by attending one or more of the FREE, accredited seminars taking place. Seminars are of interest to families, carers, individuals and professionals. Entry is FREE on a first come, first served basis. Seminar rooms are located past registration down the concourse to the left — see floorplan on the centre pages. Children Welcome

SEMINAR ROOM 1 - Bridging the gap – Why the answers don’t just lie with the NHS
This seminar will highlight the benefits of working with the Third Sector and utilising community resources and how this will help to prevent ill health or a deterioration in health and promote responsibility for independence. Learning Outcomes include:
• Awareness of the drivers of health and well being.
• Current ways of working in the NHS.
• Awareness of how working with the community and Third Sector can enhance care and health of the people cared for, along with their family and friends and the health professionals involved in Health and Social Care.
Deborah Bell – BSc (Hons), Enablement Team Manager, Disabled Living

SEMINAR ROOM 2 - Evidence based sleep strategies
This seminar will look at the details of the latest research projects around ADHD and ASD, including the interventions and outcomes, that The Children’s Sleep Charity have been involved in. It will also explore why children and young people with SEND are more at risk of sleep issues. Participants will learn about a behavioural approach to sleep and practical strategies that can be used to help to support children and their families to get a better night’s sleep.
Helen Rutherford, Sleep Practitioner, The Children’s Sleep Charity

SEMINAR ROOM 1 - The challenges of hoisting children
There are lots of different scenarios where hoisting children can be challenging and this practical seminar will explore some of the possibilities which can help improve the hoisting experience. We will look at how support comfort and safety can be maximised by using the appropriate size or shaped sling bar for a hoisting activity. Learning Outcomes:
● How to select the right equipment for a hoisting activity.
● Appreciation of how the right selection will maximise comfort, support and safety.
● Awareness of how different options will increase success in more challenging hoisting situations.
Colin Williams, Category Sales Manager, Overhead Hoists - ETAC R82

SEMINAR ROOM 2 - A Multi-disciplinary approach to supported standing therapy
Objectives of this seminar:
● To highlight a multi-disciplinary: Speech and language, Physiotherapy and Occupational Therapy approach to supported standing for children with neurological disorders.
● To understand the importance of a child-centered upper extremity activity in the class and home environment to improve enjoyment during supported standing sessions.
● To demonstrate the benefits of trunk, head and upper limb activities and how these directly relate to various aspects of child development.
Learning outcomes - The audience will come away with knowledge of:
● The latest literature on supported standing for children with neurological conditions such as cerebral palsy.
● Suggested activities in supported standing from a multi-disciplinary perspective and their therapeutic intent.
Michelle Stowell, Paediatric Physiotherapist & James Gilmour, Occupational Therapist - James Leckey Design

SEMINAR ROOM 1 - AspergerWorld: My autism’s hidden hardships and gifts
Cry, laugh and be inspired by Joely’s story and discover world award winning insights into the autistic spectrums hidden depths. Following the presentation these outcomes will be achieved –
● An understanding of Executive Disfunction and how it impacts daily life.
● An understanding of Mind wandering (stim)ulations, and its positive attributes.
● Appreciate the detrimental impact Masking has on development and wellbeing.
● To differentiate between how the autistic brain processes information compared to that of a non autistic individual.
● To recognise the harmful, unintentional traits of Gaslighting.
● To understand how Unintentional Gaslighting impacts development.
● To recognise Autism gifts in kindness and quirks.
On completion of the presentation, it is hoped that you will gain an in-depth personal account of what life on the spectrum is like; with the aim of gaining some knowledge and skills to help empower the autistic individual.
Joely Williams (nee Colmer), Autistic, World Award Winning Motivational Speaker, Autism Trainer and Best Selling Author of AspergerWorld

Seminars Sponsored

Treloar’s

Enabling Education
SEMINAR ROOM 2 - The why, when, where and how of toilet training children with additional needs

Toilet training is an area of child development that most parents find stressful and confusing. However it is important for independence, self-esteem and socialisation. Toilet training is even more difficult for families whose children have additional needs, particularly when the information they are given from professionals may be conflicting, or they may be advised to wait until the child is older, in the mistaken belief that it will get easier.

Many children can toilet train with the appropriate support. This seminar will focus on answering the questions of why children with additional physical or learning needs should be toilet trained, when this should be started, the best places for toilet training and most importantly strategies for toilet training.

The seminar will be suitable for parents and carers of children with additional needs as well as for the healthcare, social care or education professionals who support them.

Davina Richardson, Children’s Continence Advisor RGN / RSCN BSc (Hons), Bladder and Bowel UK – Disabled Living

SEMINAR ROOM 1 - The EHC process and how to appeal if you’re not happy with an EHC.

The seminar will deal with what EHCPs are, the EHC process and how to appeal if you’re not happy with an EHC.

The presentation will cover:
- The purpose and content/structure of an EHC (including a summary of the different sections)
- The process for obtaining an EHC:
  - Timeframes and deadlines
  - Requesting an EHC needs assessment
  - The process of the assessment
  - The draft EHC
  - Finalising the EHC
- Maintenance of the EHC and the review/re-assessment process
- A summary of grounds for appeal and the appeal process

Rachel Gibby, Solicitor, Knights PLC

SEMINAR ROOM 2 - Bathing – The right to play

Play, along with the basic needs of nutrition, health, shelter and education are vital to develop the potential of a child according to the United Nations. In the UK, many children play at bath time yet it is not often a primary consideration within an Occupational Therapist’s recommendations during the assessment process. This session will explore “play” as an occupation and consider how legislation and clinical reasoning can be used to support the necessity of a bath in the design process.

- Have an overview of “play” as an occupation
- Be able to list the relevant legislation to support bathing
- Explain how clinical reasoning can be used to support the necessity of a bath in the design process

Kate Sheehan DipCOT, Occupational Therapist, The OT Service

SEMINAR ROOM 1 - Planning for the future – (Trusts, Lasting Power of Attorney, Deputyships, Wills)

To give guidance to parents and carers of vulnerable beneficiaries to help them to plan ahead in protecting those beneficiaries against the problems that may arise if they accumulate or inherit. We advise upon the use of vulnerable beneficiary discretionary Trusts, Lasting powers of Attorney, Deputyships and Wills.

Parents and Carers need to be aware if vulnerable beneficiaries acquire wealth either by life time gift or inheritance then they could possibly be vulnerable from their own inappropriate spending; exploitation from unscrupulous third parties and loss of means tested benefits. Our presentation makes them aware of the threats and offers guidance on how these can be avoided.

Philip Ogden AIPW, Senior Consultant, Estate Planning Solutions

SEMINAR ROOM 2 - Postural Diets – Considerations in 24 hour postural management

This seminar will detail the factors that are important and sometimes overlooked when assessment 24 hour postural management. It will aim to look at what an optimal postural management plan would include through a person-centred solution.

Learning outcomes for this seminar will be:
- Understand what a postural diet is
- Develop an understanding of how GMFS and the Mansfield checklist can inform postural care
- Develop an understanding of how a comprehensive assessment will inform decision making
- Understand the importance of different factors including symmetry, pain profile, pressure area and temperature regulation and what effect they have on the prescription of equipment
- Understand how prescription of equipment can fail if all considerations are not taken into account.
- Develop an understanding of the importance of incorporating lying, sitting and standing postures within a “postural diet”
- Formulate ideas on what aids and equipment can be used within postural management

Shruti Verma, Senior Physiotherapist, More Rehab Ltd

For those attending seminars, Certificates of Attendance will be available to collect on the day to boost CPD portfolios.
Funders

Look for the green stars on the floor plan—centre pages.

Stand D7 - Provides funding for essential community equipment such as beds, buggies, wheelchairs, seating systems and much more. www.newlifecharity.co.uk

Stand V15 - A national children's charity helping those with disabilities, life limiting conditions or in extreme poverty. www.theboparancharitabletrust.com

Stand V16 - A charity who give grants to children of families who work, or have worked in the past nine years, in the Fashion and Textile industries. A significant number of our larger grants go towards funding equipment, education or therapy for children with disabilities. www.ftct.org.uk

Stand V24 - Providing communication aids to people with speech, movement or severe learning difficulties. www.thesequaltrust.org.uk

Stand V27 - 3H Fund (Helping Hands for Holidays) is a registered charity that organises group holidays for physically disabled children and adults with the help of volunteer carers, thereby allowing regular carers to have a period of respite. The charity also runs a grant programme, carers’ days and day trips for teenagers and younger carers. www.3hfund.org.uk

Stand V33 - Exists to improve the lives of children all over the UK who are affected by disability, disadvantage and ill-health. We provide funding for wheelchairs and specialist equipment to families, hospices and schools along with specially adapted, accessible transport and memorable experiences for young people aged 0 - 18. www.variety.org.uk

Stand V34 - The UK’s largest charity providing grants to families raising disabled or seriously ill children and young people. Their grants are for a wide range of items including family breaks, clothing, bedding, kitchen appliances, computers and tablets. www.familyfund.org.uk
