Organised by The Kidz to Adultz Team at Disabled Living

Welcome

A very warm welcome to Kidz to Adultz North. We are delighted to bring our flagship event back to the heart of Manchester this year. We do hope you find your visit useful and informative. What to expect...

Dedicated exhibitors

Dedicated exhibitors showcasing an array of equipment, products, services and more – see floorplan on 8 & 9 and A-Z exhibitor list.

Boost your CPD

Boost your CPD – a full programme of free CPD accredited seminars for parents, families and professionals will run alongside the exhibition – see pages 4 & 5.

Support and services

Connect to services and support organisations that can help you with education, transition, legal matters, and much more. An opportunity to meet up, network and make new friends.

Funders

Look for the green stars on the floorplan for organisations that can help with funding for equipment, respite and more.

Important event information

Disabled Living, organisers of the event, will be located in the Kidz to Adultz main registration area and also on Stand A2, which is located to the far left as you enter the main exhibition hall. Our team, including Clinicians and Occupational Therapists can help with finding companies, equipment, information on seminars and details on any aspect of the event.

Look for the blue star on the floor plan within pages 8 & 9.

Evacuation

If an announcement is made to evacuate the venue, please leave by the nearest fire exit and/or as instructed by the fire marshals, venue staff, or a member of the Kidz to Adultz Team. DO NOT re-enter the building unless instructed to do so.

First aid/medically trained staff

If you require medical assistance please report to the Kidz to Adultz main registration area and speak to any member of the Disabled Living team (easily recognisable by their Kidz to Adultz shirts), or a member of the venue security team.

Accessible toilets

Located in the main reception and within the exhibition hall, far left in between stands P3 and P4. There is also an accessible toilet in the Mobiloo changing places facility (see details below). All are clearly marked on the floorplan, pages 8 & 9.

Mobiloo changing facility

An accessible toilet with adult-sized changing bench, hoist and a friendly attendant with adequate space to accommodate the disabled person and up to two carers. Hoist user must bring their own slings for own safety and to prevent cross contamination. The Mobiloo is located at the back of the exhibition hall, far left, and is clearly marked on the floor plan.

Seating & catering

A range of hot and cold food, drinks, snacks and sandwiches are available to purchase. The catering and seating area is located toward the back of the exhibition hall.

Manchester Central is a cashless venue

Approaching the crossroads: Navigating child to adult transitions 10:00am

We know transitioning from child to adult services can feel daunting and information can be confusing. We want to help. Our seminar will provide educational information for parents/caregivers and those working with children and young people to support them during their transition. We'll cover the transition process highlighting key topics. By the end of the session there's a clear understanding on:

- Funding and budgets
- When, how and what to include when building transition plans
- Types of care and support settings available
- Support around education and jobs

SEN & EHCPS - Know your rights 11:00am

This Q&A format workshop is for parents and carers focussed on unravelling the myths around the special educational needs process in England. With discussions around:

- The difficulties faced in securing an EHCP
- The content of an EHCP including school placement
- Annual reviews
- When an EHCP will 'cease'
- The rights of a young person with an EHCP

Attendees will be equipped with an overview of issues they may encounter in the duration of their child or young person having an EHCP. Our expert will explore with families the appropriate routes to address their concerns, whatever stage of the EHCP process they are at, so families can be well-informed to ensure their child/young person is supported in having their needs met in education.

Every hour matters: Balancing a 24-hour approach to activity and posture in a complex disability 12:00pm

This seminar will discuss the importance of postural management and particularly physical activity in children with complex disability. We will also discuss how a 24-hour approach can be applied to both posture and activity, including what support may be available to overcome participation barriers for the child and carer to maximise these approaches. Objectives and learning:

- Overview of postural management principles
- Understanding the effects of sedentary behaviour and physical activity
- Overview of 24-hour movement and physical activity recommendations
- Understanding the importance of enabling activity and participation
- Utilising these principles for individual, child-centred care
- Understanding the important role and impact of therapeutic equipment can have in 24-hour movement

Ready or not? Toilet skill development for children with additional needs 2:00PM

Many families do not know when or how to start working towards toilet training. This is even more likely to be the case when children have physical, learning or developmental disabilities or sensory differences.

This session is designed to help families and professionals understand the skills needed for children to successfully toilet train and how to support them to develop those skills. It will include discussions about when and how the skills for toilet training should be introduced and provide practical hints and tips. There will also be information about available resources and where to access support.

James Gilmour
Occupational
Therapist, Leckey

Practical strategies to get the most out of everyday postural management equipment 3:00PM

24-hour postural management equipment undoubtedly plays a key role in a child's care. Seating, standing, walking and sleeping systems offer a broad range of functional benefits, however for many who interact with the equipment, these benefits are unknown or overlooked entirely. This seminar explores equipment usage from a multidisciplinary perspective to maximise function. Learning objectives:

- Become familiar with adjustments on Seating systems and understand how 4 features can be customised to differing needs
- Recognise the benefits of supportive Standing frames and discover 5 activities for active standing
- Understand how to adapt supports on Walking frames to improve stepping and maximise participation

Entry is free on a first come, first served basis

Teaching literacy from birth to adulthood (it's never too late to learn) 10:00am

This seminar will take participants through 6 stages of literacy development from very early emergent (where we do not know if the learner has any conventional literacy ability or potential to learn conventional literacy) through to emergent literacy (where the learner needs to move to more formal access to the English curriculum). The seminar aims to demonstrate that literacy can be accessed on many levels throughout life and that there is no ceiling to when or how it can be acquired.

Learning outcome: To understand how literacy can be incorporated at every level of learning from birth to adulthood.

Occupational Therapist, Paediatric Lead Driving Mobility/Regional Driving Assessment Centre

Safe travels - Car seat options for children with additional needs 11:00am

This seminar will provide information on current UK legislation for children travelling in vehicles and mainstream equipment. It will explore available equipment for children with additional needs including challenging behaviour. At the end of the seminar the participant will have:

- Knowledge of current legislation
- Awareness of current mainstream car seat options
- Awareness of the additional needs and possible solutions for children with postural and mobility needs
- Awareness of options for moving children with challenging behaviour
- Information about the Motability Scheme, vehicle adaptations for passengers and wheelchair accessible vehicles
- Details of Driving Mobility Centre which offers car seat assessment

Communicating without speech 12:00pm

This session is designed to provide practical ideas and suggestions to support all areas of AAC development. From early evidence gathering and finding funding to support AAC in different environments, we'll share snap shots of success and examples of AAC users. Objective:

- Raise awareness of strategies and approaches to delivering AAC success

Learning outcomes:

- Delegates will know what successful AAC development looks like

Transitioning to adult services: Basics and banana skins 2:00pm

Objectives: An overview of the transition from child to adult services at 18-25 years. You will hear from the family, support provider and the person themselves. A unique opportunity to view the journey through their eyes.

Get ready: What do you need to know? Your rights, the support and housing options available.

Get steady: What do you need to do? Help is available from providers, local authority, charities, advocacy groups and SEND schools.

Go! When should you do it? A handy guide and timetable of the process starting at age 14. The challenges you might face and how to avoid banana skins you might encounter along the way.

How do I protect my child? A guide to wills, trusts and deputyships 3:00pm

A presentation on legal issues for families and carers of children with disabilities and special needs. A run-through by our specialist Trusts and Deputyship lawyers of:

- Trusts for children and vulnerable young adults – what would suit your family best?
- Incorporating trusts into wills – what happens when you're not there?
- The role of your trustees in caring for your child
- How do I protect my child when they turn 18? Key points on making financial decisions and what to consider when thinking about a deputyship
- Appointing a deputy – what is a deputyship?
- Acting as a deputy
