Registered Charity Number 224742

Welcome

We are delighted to welcome you to Kidz to Adultz South 2024. Thank you to all of our visitors and exhibitors for continuing to make each event so special.

We hope you have a great day!

Specialist seminars

For parents, carers and professionals. An opportunity to update your knowledge and for professionals to boost their CPD. Entry is free but spaces are limited, so we recommend arriving early.

Support and services

Connect with services and organisations which can help you with education, funding, transition, legal matters, and much more. It's also an opportunity to meet up, network and make new friends.

Dedicated exhibitors

Specialist exhibitors showcasing an array of equipment, products, services and more. Check out the floorplan and our A-Z exhibitor list.

Everyone is welcome

It's an inclusive event! All family members are welcome to join in the fun.

Important Event Information

You can always find a member of the Kidz to Adultz team at the event reception, or just look for anyone wearing a Kidz to Adultz uniform.

Parking

Parking at the Farnborough International Exhibition & Conference Centre is free for Kidz to Adultz visitors. Please use car park 1 for visitor and priority parking. Traffic marshals will be on site to assist and direct.

Evacuation

If an announcement is made to evacuate the venue, please leave by the nearest fire exit and/or as instructed by the fire marshals, venue staff or a member of the Kidz to Adultz Team. DO NOT re-enter the building unless instructed to do so.

First aid/medically trained staff

If you require medical assistance please report to the Kidz to Adultz main registration area and speak to any member of the Kidz to Adultz team (easily recognisable by their Kidz to Adultz uniform) or a member of the venue security team.

Accessible Toilets

Located past the registration area, down the main corridor on the left. See floorplan on page 14.

AccessoLoo Changing Facility

An accessible toilet with adult-sized changing bench and hoist with adequate space to accommodate the disabled person and up to two carers. Hoist users must bring their own slings for their own safety and to prevent cross contamination. The AccessoLoo is located at the back of the exhibition hall to the far right. See the floorplan on page 14.

Seating and Catering

A range of hot and cold food, drinks, snacks and sandwiches are available to purchase. Seating and catering areas are located within the exhibition hall to the far left.

Card payments

Farnborough International Exhibition & Conference Centre is a cashless venue - card payments only!

Adapt & Live
(Stand C5)

10:00am

Risky Business – The benefits of positive risk taking

Risk is a necessary and important part of life for all of us, but for professionals and carers there is a strong emphasis on managing risk and protecting our clients from harm. There may be a potential to be over cautious which can result in limiting an individual's choices, quality of life, experiences and development.

Although there can be challenges with positive risk-taking, taking well-calculated, managed risks can lead to enjoyable experiences for our clients and help them retain their independence as much as possible. Positive risk management does not mean trying to eliminate risk. It means managing risks to maximise people's choice and control over their lives.

Davina Richardson
RGN/RSCN – Children's
Specialist Nurse
Bladder & Bowel UK
(Stand C6)

11:00am

Understanding the Sensory Challenges for Successful Toilet Training

Developing the skills for toileting is important for all children, but is often more difficult for those with additional needs. Understanding around how to best support children develop the required skills has increased, as has awareness of how sensory issues impact toileting.

This seminar will discuss the role of the senses in learning the skills to use the toilet and offer suggestions for techniques to support children with sensory issues or differences to achieve their potential to be clean and dry.

Jay Tuck,
Assistive Technology
Specialist, Smartbox
(Stand F20)

12:00pm

Supporting the mental health of individuals with multiple communication needs

Recent research indicates that the rate of mental health issues is much higher among those with complex communication needs (Watson, Reghavendra, & Crocker, 2021). This group are more likely to experience abuse, stress, anxiety, and ableism, which can contribute significantly to mental health issues.

This talk will cover ways we can best support and safeguard people who use Augmentative and Alternative Communication (AAC), so that they have access to and understand how and when to use language to discuss their mental health and wellness.

and Rebecca Clarke,
Vice Chair,
Whizz Kidz (Stand V11)

1:30pm

An audience with the Whizz Kidz Board

Kidz Board are a group of young wheelchair users representing Whizz Kidz around the country. Each one has their own experience of being a wheelchair user including going to university, navigating transition from education to employment, barriers to education and the equipment they have received.

Through a Q&A session of up to half an hour (to include Q&A from the audience), the Whizz Kidz Board will share their experiences and the work they are doing to help other young wheelchair users around the country.

Rachael Hlomador,
Outreach Consultant,
BeyondAutism
(Stand V6)

2:30pm

Understanding the functions of behaviours that challenge and how to increase positive outcomes for autistic learners

Join BeyondAutism for an insightful seminar that dives into behaviours that challenge, their underlying functions, and actionable strategies for fostering positive outcomes. Discover how to utilize the ABCs of behaviour, understand the behaviour cycle, and assess environmental impacts to effectively collect data and create proactive, person-centred plans.

These plans prioritize individual interests, needs, goals, and strengths while emphasizing collaborative communication. You will leave our talk equipped to create more inclusive environments and better support autistic learners whether at home or in an educational setting.

Room Two

Paula Marten, Assistant Headteacher
Chailey Heritage Foundation

10:00am

Transition to adult services for young people with complex neurodisabilities

This presentation will explain the challenges facing families, what defines successful transition and what Chailey Heritage Foundation does currently to try and achieve this. It will also talk about the future and what we need to make happen.

The experience Paula has gained at Chailey Heritage Foundation in

recent years working with families throughout the transition process will be of value and interest to others who are facing the same experience – either as a parent, carer, family member, or professional. The presentation will also reference current All-Party Parliamentary Groups work and legislation on the topic.

Dr Laura Finney, Clinical Director, Leckey (Stand B1)

11:00am

All things supportive seating: Moving beyond 90/90 sitting to a user-centered solution

Supportive seating is pivotal in a child's 24-hour postural management, significantly impacting health and posture. Recent advancements prioritize user-centered design and individualized approaches over previous rigid standards. Rather than focusing solely on achieving a specific upright posture with hips and knees bent at right angles, commonly known as the 90/90 posture, the benefits of active sitting and variety of postures is

shaping both therapy and equipment choices. Factors such as age, development, tasks, abilities, and environment are now recognized as key factors in supportive seating prescription. This seminar explores the evolving landscape of supportive seating, offering practical guidance on personalized seating plans to enhance health and function throughout a child's growth and development.

Adam Ferry, Director
The OT Service

12:00pm

Risk Assessment Responsibility

This seminar will discuss the responsibilities around risk assessment when prescribing necessary equipment and what the role of the supplying therapist is, considering client need, the working environment and our professional duties.

Learning outcomes:

- Understanding the need for a comprehensive risk assessment.
- Review and be aware of our professional responsibilities.
- Be able to clearly identify the process of risk assessment.

This presentation is suitable for carers and professionals.

Jiraffe
(Stand E1)

1:30pm

Stand with me: Beginning the supported standing journey with physically disabled children and their carers

This seminar will discuss the importance of standing as part of paediatric development and as part of a typical postural care programme. It will show how supported standing is more than simply 'standing' – it can encourage play, family interaction, physical development, and development of cognitive skills amongst many other benefits.

Objectives and learning:

- Overview of typical paediatric gross motor development in the first 2 years of life.
- Overview of early neuroplasticity & early years physical development as important considerations for standing frame prescription.
- Understanding negative effects of sedentary behaviour and lack of weight-bearing, and potential benefits of standing.
- Acknowledging and understanding that standing may not always start 'early' or 'on time' for the children we support for a variety of reasons.
- Understanding the importance of carer and MDT collaboration.
- Discussing the importance of child-centred communication for successful prescription.

2:30pm

SEND and EHCPs – Know Your Rights

Esther Salte, Associate
Solicitor
Lauren Haines, Solicitor
Irwin Mitchell LLP
(Stand C3)

We will take parents through:

- An overview of the Annual Review process and providing tips and tricks on the appropriate content of a review and how to ensure they are legally compliant.
- How to identify when you have a final EHCP with the right of appeal and how to secure amendments.
- How to get and specify 1:1 TA time in an EHCP.
- What you can do when your child is not receiving their EHCP provision.
- The difference between home school and EOTAS (Education Otherwise Than At School).

By the end of the session, parents should be empowered to ensure Local Authorities adhere to the Annual Review timetable and how and when to use the Annual Review process.

Parents will know more about what a specified EHCP should look like, how to enforce missing provision. Parents will have clearer understanding of the difference between home school and EOTAS.

Fun & features

Join us for a fun filled programme of interactive sessions and activities. Everyone is welcome!

Whizz Kidz Wheelchair Skills Training

Whizz Kidz is the UK's leading charity for young wheelchair users. Their training is aimed at all levels, however, for these sessions we will demonstrate basic skills including safely moving forward and backwards and manoeuvring around obstacles.

Join Whizz Kidz in the Fun Zone at 11am & 2pm

Kidz Fun Hub

Indulge in 2 hours of fun and festivities, dance to your hearts content at the mini disco followed by enchanting magical moments, storytelling session and party games!

The party starts at 12pm in the Fun Zone!
All welcome!

Swings & Smiles Sensory Space

Swings & Smiles are excited to bring a sensory space to Kidz to Adultz South to give people attending the event a calm quiet space if needed. Swings & Smiles offers a place to play and support for children with special needs and their whole family.

Located in Navigate

Soft play

Visit our soft play area - a space where children can stretch out, crawl, play or simply relax.

Located in the Connection Hub.

New for 2024 Connection Hub

Come and join us at the Connection Hub

A dedicated space to meet friends and make new connections. Designed with parents, carers and our young people in mind. This new feature offers parents carers and their families an opportunity to connect with other parents, caregivers and professionals who are dealing with similar challenges. You can share experiences and insights, as well as build a supportive network.

Located at the back of the exhibition hall to the far right.

Fundraising support for children with disabilities

We provide the following fundraising support for families:

- Life-saving and quality of life-changing surgeries and treatments such as: selective dorsal rhizotomy (SDR) and stem cell therapy.
- Probable and likely surgeries and treatments for those yet to be diagnosed.
- Short breaks and holidays for children with disabilities and their families.
- Funds to grant terminally ill children their last wishes.
- Mobility and sensory equipment.
- New technology to enhance the quality of life for housebound children.
- Holistic therapy and support programmes for autistic children.
- Service dogs for children with epilepsy and other conditions.

We grant funds for home adaptations to improve living environments and therefore quality of life.

Some adaptations include:

- Widening doors
- Installing ramps
- Improving access to rooms and facilities - e.g. stairlifts, accessible showers, bathrooms or toilets, therapy rooms etc.
- Sports equipment to enable talented disabled athletes to participate in competitive sports.

We help children with various medical conditions. This includes the treatment and support for conditions associated with obsessive compulsive disorder (OCD), stress, attention deficit hyperactivity (ADHD), Autistic Spectrum Disorder (ASD) and demand avoidance (PDA).

We support children and young people with disabilities and sickness until their 25th birthday regardless of their disability or health condition. The cornerstone of our work is to act as a safety net for families that struggle to get the help they need.

Chris Fonseca: Breaking Barriers with SUBPAC technology

In a world that often isn't accessible for d/Deaf people, professional dancer and choreographer Chris Fonseca is determined to share his passion for movement. In a break between choreographing a new brand-new accessible show and performing in a BSL-led cabaret event at Shakespeare's Globe, we caught up with Chris to find out what inspires him, how he uses ground-breaking technology, and what advice he would give young deaf dancers.

"The ways in which individuals on the deaf spectrum connect with music are diverse."

"Breaking barriers by doing what I love hasn't been an easy ride."
